Our Mission

The Switch Co-op is a vehicle for the free expression of the arts by providing a cooperative space for artists to share their work in galleries, performances, and educational forums. The Switch is an artist run business where artists are the employees. Ongoing exhibits, performances, and classes are available to all in the community, giving us the opportunity to educate, inspire, and support each other.

Thank you for completing this application and for your interest in being a member of The Switch Co-op!
